# College of Notre Dame.

**H**IIS Institution is under the superintendence of the Sisters of Notre Dame, whose primary object is to instill into the minds of young girls a noble and laudable emulation, to form their hearts to virtue, to fit them to be future ornaments to society.

The College was founded in 1851. In 1855 it was incorporated by the State Legislature, and subsequently the same body so extended the original charter as to confer all the rights and privileges of collegiate institutions in the United States. It is situated in the City of San José Santa Clara County, and is surrounded by a beautiful and extensive play ground, furnished with every facility for the amusement of the pupils. The building, of brick, is large, commodious, and well ventilated. The entire front is one hundred and sixty feet long. The east wing runs back to the depth of two hundred and fifty feet; the west wing is one hundred and three feet deep; the whole affording accommodations for a large number of pupils.

Minute attention is paid to the comfort and health of the pupils, and in case of sickness, they receive the most affectionate care.

The course of studies is pursued in the English language, but French, German and Spanish are taught by native teachers, and are spoken by many of the inmates; therefore the pupils have every facility to perfect themselves in those languages, and they are required to devote certain hours of recreation to conversing in French.

Music in its various branches is assiduously cultivated, independent of the private weekly lessons; instruction in Harmony and the theory of instrumental music, is also given.

## To Physicians.

We wish to direct your attention to a New Branch of our Business, viz: The Manufacture of Fluid Extracts, Elixers, Syrups and Chemicals.

Prompted by a desire to furnish a preparation which we know to be reliable and uniform, we have placed ourselves in a position where we can assert positively, that our products are second to none, and certainly superior to the majority of a like nature which reach this market. We fully recognize the importance of furnishing ACTIVE medicines, and of uniform strength, and our system of manipulation enables us to do so with the greatest accuracy attainable.

Our Fluid Extracts are made of the best selected material, and the process of manufacture is REPERCOLATION, which avoids any injury by heat.

We warrant them of Pharmacopœial strength—a fluid drachm representing 60 grains of the drug, the only exception being opium, which is identical with the Tinctura Opii Deodorata U. S. P., and contains  $3\frac{1}{2}$  grains of powdered opium in each fluid ounce, or one grain in 12.8 minimis.

Our list includes the New Remedies now so extensively used by physicians, many of them indigenous to California, among them being CASCARA SAGRADA, which has already attained a wide reputation as a sovereign remedy for the treatment of chronic constipation. This drug we offer in the shape of Fluid Extract, Elixir and Solid Extract.

The crude materials which we use in the manufacture of our FLUID EXTRACTS are selected with great care, and are also finely powdered under our own supervision, securing thus, as a basis, ingredients which we know to be of prime quality. We deem this of the FIRST IMPORTANCE in making a reliable extract, for it is a well known fact that not infrequently such goods are to a greater or less degree, inert, and it is difficult to discover the extent of such inferiority.

The increasing demand for our preparation has forced us to extend our facilities for their preparation, and we have just completed an additional room to our Laboratory.

Being the only, and pioneer manufacturers of this line of preparations on this Coast, and possessing the most extensive and complete laboratory West of St. Louis, we solicit your patronage, satisfied that by giving our preparations a fair trial you will convince yourselves of their superior merit.

A cordial invitation is extended to call and inspect our Laboratory, and make a careful and critical examination of these preparations. The favor with which they have already been received, and the complimentary reports voluntarily given, both by Physicians and Pharmacists, have confirmed all we claim for them.

In prescribing please specify Redington's—abbreviate "Red."

Very truly,

**BEDINGTON & COMPANY,**

## ELIXIR

—OF—

## CALISAYA BARK.

This Elixir can be relied upon as containing absolutely just what is represented on the label.

While endeavoring to make this preparation as attractive in appearance and as tempting to the palate as modern improvements in pharmacy would suggest, and the nature of its medicinal ingredients will permit, care is exercised not to sacrifice its therapeutical value to appearance.

DOSE—One to Four Teaspoonfuls.

Each fluid drachm contains the equivalent in alkaloids of Quinine and Cinchona of five grains of Calisaya Bark.

PREPARED BY

**Redington & Co.**

SAN FRANCISCO.

## ELIXIR

## Phosphate Iron, Quinine and Strychnia.

This Elixir can be relied upon as containing absolutely just what is represented on the label.

While endeavoring to make this preparation as attractive in appearance and as tempting to the palate as modern improvements in pharmacy would suggest, and the nature of its medicinal ingredients will permit, care is exercised not to sacrifice its therapeutical value to appearance.

DOSE—One Teaspoonful.

Each fluid drachm represents two grains of Phosphate Iron, one-half grain of Quinia and one-sixtieth of a grain of Strychnia.

PREPARED BY

**Redington & Co.**

SAN FRANCISCO.

## TO PHYSICIANS.

The increased demand and general satisfaction our Fluid Extracts have given among the medical profession during the past three years, have induced us to enlarge our list of Laboratory Products, and among those that especially interest the physician is an Elixir, representing the medicinal activity of drugs preferable in that form, in as palatable and reliable condition as it is possible to prepare them, and we take pleasure in calling attention to them and asking for a trial, feeling assured that they will fully meet all the requirements of the physician in prescribing this class of preparation.

The average dose and proportionate quantities contained in each fluid drachm will be found printed upon the label. We guarantee them to contain just what is represented, and believe they are as good in every respect as any of Eastern manufacture.

Very respectfully yours,

**REDINGTON & COMPANY.**

## HOSPITAL FOR WOMEN AND CHILDREN.

The Directors of the Pacific Dispensary Hospital

Have leased the building, 221 and 223 Thirteenth Street, near Folsom, and are now accomplishing the work for which the Society was formed, viz: to provide an Hospital for Women and Children, more especially the latter, there being no place whatever in the city where sick children can be received for medical treatment.

They have also fully established the Training School for nurses; the education of nurses being one main object of the institution.

As it receives no State or city appropriation it is mainly carried on by the generous subscriptions of our charitable citizens.

The Resident Physician will be in attendance daily until 12 M., to receive applications for admission.

**MRS. A. L. STONE, President.**

# ST. AGNES Women's Homœopathic Hospital, SAN FRANCISCO.

ORGANIZED - - - JUNE 22, 1880.

Under the Management of

## THE SAINT AGNES' SISTERHOOD.

**President:**

MRS. J. E. DE LA MONTAGNIE.

**Secretary:**

SISTER JULIA,  
730 Sutter St., S. F.

The St. Agnes Women's Homœopathic Hospital is open for the treatment of *Diseases of Women*, with a *Lying-in Department*. It is under the management of *St. Agnes' Sisterhood*, which is a sufficient guarantee to the suffering, that they will receive the constant attendance of *nurses, specially trained* for this work.

This Hospital cannot receive any patient afflicted with any objectionable disease. It is designed only for the above classes, and for *convalescents*, who desire a pleasant home, with the surroundings and comforts of private life, on the cottage plan.

Each department is in a separate building, and each patient has the exclusive use of her own room.

Two free beds are being sustained at present, others are very much needed.

Beds can be created by *Societies or individuals*, at the rate, per week, of \$10 for adults, and \$5 for children under ten years, with the right of filling the same, reserved to the donor.

*Pay-patients* will be received at \$10 to \$20 per week, according to accommodations, and children at half-price.

For further particulars address the *Physician in charge*,

## The New Electro-Medical Belt & Bands

—OF—

**C. N. WEST,**

**For the Cure of all Diseases Without Medicine.**

C. N. WEST, known all over the coast as the inventor, owner and manufacturer of other valuable Belts, has now invented a New and Improved Belt, which is destined to supersede all others now in use, as it is perfect in its electrical and health-producing appliances, adapting it to all constitutions and every disease, and yet so cheap in price that the poorest sufferer can buy it, making the

**Best and Cheapest Medical Belt in the World.**

This Belt will CURE all the following diseases without medicine and no other means than an ordinary care of ones health and a faithful use of this Belt as directed in his particular case, viz :

Rheumatism, Nervous and General Debility, Paralysis, Kidney and Back Troubles, Ague, Piles, Dispepsia, Rupture, Neuralgia, Liver Complaint, Impotency, Sexual, Weakness, in male or female, Female Troubles, Lumbago, Heart Disease, Constipation, Seminal Emissions, Pains in Head, Back, Hips or Limbs, Erysipelas, Catarrh, Epilepsy, Brights Disease, Gout, Asthma, Sick or Nervous Headache, Low Spirits, Loss of Energy of Body or Mind, Blood Poisoning or Deranged Circulation of the Blood, and Cold Feet, &c.

This Belt applies the electrical current to the nerves through the spine, and to the extremities of the nerves passing through the sexual organs, and by doing this it not only removes the difficulties existing in these parts, but at the same time removing every disease in the whole system—or, in other words, when by this application it cures one disease it cures all and every disease. The reason that it thus cures, is that it controls the nervous system, which in turn controls the circulation of the blood, all of which produces the necessary conditions for health and vigor.

Prices for his Belts, differing only in their strength and appliances, adapting them to all kinds of disease, viz :

**\$6, \$8, \$10, \$12, \$15 and \$20.**

The Belts he sells for six dollars he warrants better and stronger than any other Belt in the world. These Belts are so cheap, powerful and strong, that they never lose their virtues nor break, and he warrants them perfect for any length of time. In selling these Belts to his patrons, Mr. West undertakes to cure them of their ailments, and therefore he will answer all inquiries in every case which may be addressed to him as often at it shall please any one so enquiring. All such communications will be made in good faith and conscientiously to benefit and cure the sufferer.

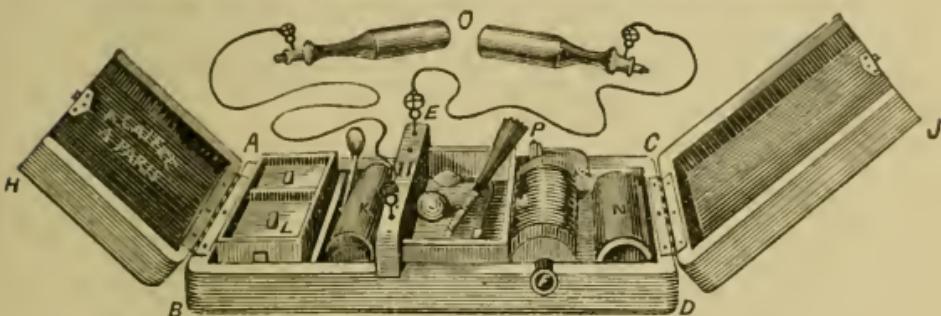

Send size of waist above hips and below the abdomen for Belts and size of waist, arm or leg for Bands, in giving your order.

Sent C. O. D. to any address, or by mail or express for Cash or P. O. Order or Registered Letter. Sent to all parts of U. S., Mexico or South America. Address,

## No Longer a Mystery !

***E. E. DODGE***

Has developed means by which Acute and Chronic Diseases are eradicated without jeopardizing life, by dosing, and often after the most learned of the medical profession have said, there is no hope, a fact to which he invites public attention, including in, a special manner, members of all the various medical fraternities, hoping the practice so long in vogue of experimenting with human life, and to which at least nineteen-twentieths of the premature deaths in the world, are directly traceable, may be dispensed with and methods instituted, upon which the sick in all conditions can safely rely. Thus solve the problem that most concerns men, the great secret of promoting and the saving of human life.

### FACULTY OF THE COLLEGE.

PRESIDENT—PROF. JOHN LE CONTE, M. D.,  
President of the University of California.  
WILLIAM T. WENZELL, PROFESSOR OF CHEMISTRY.  
W. M. SEARBY, PROFESSOR OF MATERIA MEDICA.  
HERMANN BEHR, M. D., PROFESSOR OF BOTANY.  
EMLEN PAINTER, PROFESSOR OF PHARMACY, AND DEAN  
OF THE FACULTY.

This College supplies to the students of Pharmacy of this Coast the advantages of a systematic course of technical and practical instruction in those branches of science which pertain to the practice of Pharmacy.

Its curriculum is similar to those of the older Colleges in the East, and its diplomas, which are granted by the State University, are recognized as of equal rank with any. It is now in the ninth year of its existence, and every year its appointments are being made more complete, and its examinations more rigid.

THE LECTURES are delivered in the hall of the Academy of Sciences, on Tuesday and Friday evenings, with daylight demonstrations in Botany on Mondays at noon. The classes are steadily growing, the number in attendance this session being about fifty, exclusive of Medical Students.

## CONDITIONS OF GRADUATION.

1. The candidate must be of good moral character, and have attained the age of twenty-one years.
2. He must have attended two full courses of lectures given by this College, or one of those given by some other College of Pharmacy, whose conditions of graduation are based upon the like term of service, and the final course in this College. After this session, no candidate will be permitted to present himself for examination as Graduate, who has not previously passed the MINOR EXAMINATION.
3. At the time of the final examination for the degree of Graduate in Pharmacy, the candidate must have had at least three and a half years' practical experience; but he shall not receive his diploma until he shall have completed the term of four years' service.
4. Candidates for graduation will be subjected to a written, oral and practical examination,
  - a. The examination will embrace questions in Theoretical and Pharmaceutical Chemistry, Botany, Pharmacognosy and Materia Medica, a knowledge of the U. S. Pharmacopœia, of the various systems of weights and measures, of the maximum doses of powerful remedial agents, of the antidotes for poisons, and the translation of Latin prescriptions.
  - b. The practical examination will comprise the analysis as to identity and purity of simple medicinal chemicals, the actual compounding of prescriptions requiring skill and judgment, the identification of specimens in the several departments, and the making of Chemical and Pharmaceutical preparations.
5. No special examination for graduation will be held, but only one examination at the end of the regular course.
6. Each candidate must present an original thesis, written in English, in his own handwriting, and also pass his examination in English.
7. He must be recommended jointly by the Professors and the Examining Board, which recommendation will be acted upon by the Regents of the University of California, by whom the degree is conferred (the College of Pharmacy being affiliated with the University.)
8. Any student who has not had the full three and a half years' service here referred to, but who has complied with all the other conditions of graduation, may present himself for examination, and should he receive the requisite number of credits, will be awarded a "Certificate of Proficiency," upon which he will afterwards be entitled to a Diploma on producing evidence of having completed the four years' practical experience.

# Walke's Flexible Fountain Pen.

PATENTED DEC. 14, 1880.

It is not a fluid pencil, but a **Flexible Pen**, working automatically, and making hair lines, light or heavy shades, and the ink is under perfect control. It is made of 16-carat fine gold, pointed with pure iridium, and costs but a trifle more than we would pay for the same gold pen with an ordinary rubber or ebony holder.

“**Walke's Flexible Fountain Pen**” is the best ever put upon the market. It does its work perfectly, without the annoyance of constantly dipping for ink.

The College year is divided into two terms: The Preliminary or Spring Term, and the Regular or Summer Term.

**The Preliminary Term** commences February 1st and ends May 15th. During this term subjects are dwelt upon that do not receive their full meed of attention during the Regular Term. Clinics proceed at the Hospital as during the Regular Term. The Dissecting-room is open for practical work. Students are expected to attend this preliminary course, although such attendance is not compulsory. It includes lectures, didactic and clinical, by members of the Faculty.

The subjects handled during this session are chiefly those which form the basis of medicine, and were particularly designed to assist and encourage the junior classes. Students who are entering on the study of medicine are earnestly recommended to avail themselves of the advantages of this course. No fee is charged for this session.

**EXTRA LECTURES OF PRELIMINARY TERM.**

The Preliminary Term for 1881 will consist, in addition to the usual hospital instruction, of a complete course on the following subjects:

MONDAY,	9 A. M.	<b>Diseases of Circulatory Organs</b>	Prof. McNutt.

# CALIFORNIA ELASTIC TRUSS CO.,

702 Market Street, San Francisco,

Manufacturers of  
Best Improved Trusses

Constructed on Scientific  
principles and sell on  
their merits.

## HIGH MEDICAL INDORSEMENTS.

[Pacific Medical and Surgical Journal, San Francisco, March, 1881.]  
THE CALIFORNIA ELASTIC TRUSS.—We are not in the practice of recommending in our columns special medicicues or appliances, especially when the recommendation is liable to be regarded as a puff for an advertisement. But we have no objection to saying that the Truss of the California Elastic Truss Company, after repeated Trials of it, has given better satisfaction than any other form of the instrument.

[Medico-Literary Journal, San Francisco, 1880.]

"We are glad that the California Elastic Truss Co. have located in this city in their noble efforts in alleviating and curing those afflicted with Hernia. We believe the principle upon which their Trusses are constructed is the nearest perfection of any in the market, and so considered by the medical profession."

Hanford, Tulare Co., Cal., Dec. 18, 1880.

W. J. HORNE:—I received the Truss you sent me, and am highly pleased with it. Send some of your circulars to my father, James D. Muir, \_\_\_\_\_, Mo. He is ruptured on both sides, and I think your Truss is just what he wants, and if in need of one I will send him one of yours.

Respectfully, J. S. MUIR, M. D.

San Francisco, March 6, 1881.

W. J. HORNE, Proprietor Cal. Elastic Truss Co.

Dear Sir:—I can cheerfully testify to the merits and efficiency of your celebrated Truss. I have applied them in my practice to many of my patients during the past two years with great success and satisfaction to both the ruptured and myself. Wishing you success in the sale of your valuable Trusses, I am, yours respectfully,

C. S. HALEY, M. D., 920 Market St., S. F.

Lake View, Oregon, Nov. 1, 1880.

W. J. HORNE, Esq., San Francisco.

My Dear Sir:—The Truss I purchased of you May 13th, 1878, price \$10, I am happy to inform you, has performed a perfect cure of a rupture I had of 22 years' standing, after wearing it eighteen months. I have no hesitation in recommending it to the public and suffering humanity as a blessing to the afflicted.

I have worked this last summer in a sawmill, hard lifting, without any Truss, and have not felt the least inconvenience or pain. I am thankful to say I am as sound as a dollar. I am, yours very respectfully.

H. RAPPELLE.

# MEDICINAL WINE.

The undersigned beg leave to call the attention of Physicians of the Pacific Coast to the very superior quality of the well-known

## VINO MOSCATEL,

from Messrs. Bonsoms, Muller y Bacot, Barcelona, Spain, and to recommend this excellent wine to their special notice and patronage.

The VINO MOSCATEL is valuable in all cases where a pleasant and gentle stimulant is required, such as where patients are recovering from debilitating disease, or in cases of dyspepsia, weakness, general debility, etc., and Physicians may safely order it for ladies in delicate health, and even for children.

This valuable wine has been tested by Dr. H. H. TOLAND, late of this city, and also by Dr. G. G. TYRRELL, Permanent Secretary C. S. Medical Society, of Sacramento; and the undersigned have been favored with the voluntary testimonials of these well known Physicians as to its purity and its peculiar fitness for the use of patients, under the prescription of their Physicians. This wine is recommended particularly for

**Its Superior Quality,  
Its Perfect Purity,  
Its Delicious Taste,  
Its Great Age and Maturity**

and also, because it does NOT HEAT and EXCITE the patient as much as Port, Sherry and Madeira wine. It causes NO ACIDITY on the stomach, and its effect upon the patient is gentle and beneficent and strengthening.

The VINO MOSCATEL is packed in cases of one dozen bottles each, and may be obtained in quantities to suit, at retail, from

## OFENER RAKOCZY.

## Natural Bitter Water.

The undersigned, agents for the above renowned Mineral Water, beg to call the attention of **Physicians**, Chemists and Druggists to the **remarkable richness of its active ingredients** as shown by the following comparative analysis reported to the American Medical Association (Vol. 31, 1880, page 563) by its "Committee on Sanitaria and on Mineral Springs," consisting of these well-known medical gentlemen:

WILLIAM PEPPER, Reporter, HENRY I. BOWDITCH,  
STANFORD E. CHAILLE, A. N. BELL, CHARLES DENISON.

Ofener Rakoczy, Hunyadi Janos & Friedrichshall Waters,

One U. S. Gallon (231 Cubic Inches) Contains:
